

**Waterfront, formerly known as
Rehab at River's Edge,**

is a 138-bed skilled nursing facility conveniently located near Robert Wood Johnson-Somerset and New Brunswick Hospitals, as well as Hunterdon Medical Center.

At Waterfront, we pride ourselves in the laughter and camaraderie that echo in our hallways.

Whether you are here for a short stay or you make Waterfront your home, our warm, caring team and the Waterfront residents are thrilled to have you join our tight family circle.

Because we know the healing power of

*Warmth, Joy, &
Feeling of Belonging.*

SUBACUTE & LONG TERM CARE

Go Home Happier & Healthier

We have a dedicated subacute wing with your quick recovery as our top priority, in addition to a long term care unit, where the atmosphere is homey and your every need is anticipated.

With access to an expert team of physicians, specialists and therapists, you can rest assured that you are in good hands.

Our full spectrum of clinical care includes:

- Post-op care
- Orthopedic rehabilitation
- Stroke recovery
- Cardiac care
- Pulmonary care
- Wall oxygen up to 15 liters
- Amputee care
- Wound care
- Diabetes care
- Infection control
- Restorative care
- Pain management
- Oncology
- IV therapy
- Short-term respite
- Hospice/palliative care
- Dermatologist on site
- Urologist on site
- Mobile Vascular Physicians

At Waterfront we know that having the right support can make all the difference in the speed and standard of recovery. That's why we've created a standalone subacute rehabilitation program in our facility, designed with your specific needs in mind.

We are here to support you as you transition from hospital to home, giving you the skills you need to live independently once again.

Physical, occupational and speech therapies are offered 7 days a week in our expansive therapy gym, and we offer discharge planning and follow-up support once you're back home.

Wound Care

With a dedicated wound care team in place, we can handle simple to complex wound cases.

Our multidisciplinary team—which includes Physicians, Nurse Practitioners, Wound Care Nurses, and licensed Dietitians—continuously assesses existing wounds and tweaks each patient's treatment plan accordingly. They utilize some of the industry's leading modalities and equipment that have proven effective in healing wounds.

We strive to always meet the needs of our community with top-notch amenities and the comforts of home.

- Home cooked meals served restaurant style in our Main Dining Room, Rotunda, or at your Bedside.
- Private and semi-private rooms with walk-in showers
- Complimentary Wifi and cable TV
- Housekeeping and laundry services
- Transportation to and from doctor visits
- Beauty and barber salon with an in-house cosmetologist

Stimulating Recreation Activities

We know that each person has their own passions and preferences which is why we have a dynamic activities schedule that's designed to meet the varied interests of all our residents.

Whether it's playing cards with friends, participating in gentle yoga or attending religious services, our residents enjoy the same activities they did at home, and many even venture out of their comfort zone to try something new. We're proud to say that at Waterfront, our residents explore new interests and make lasting friendships along the way.
